Gender and Queer Perspectives on Brexit

- Explores the barely recognised gendered and queer dimensions of Brexit
- Offers a multidisciplinary, policy-oriented and intersectional analysis of Brexit
- Considers the possible risks and opportunities for women and queer communities in the UK and in Europe following Brexit

This collection examines the opportunities and challenges, rights and wrongs, and prospects and risks of Brexit from the perspectives of gender and sexuality. While much has been written about Brexit from legal, political, social and economic perspectives, there has been little analysis of the effects of Brexit on women and gender/sexual minorities who have historically been marginalised and whose voices have been less audible in political debates – both nationally and at the European level. The collection explores how Brexit might change the equality, human rights and social justice landscape, but from the viewpoint of women and gender/sexual minorities. The contributions gathered in it demonstrate the variety of ways that Brexit will make a difference to the lives of women and individuals marginalised because of gender or sexual identity.
