### 2. Trustee's Annual Report (John Harrington)

JH would like to thank the conference organisers for a wonderful conference. He would also like to thank the members of the SLSA board, and to everyone stepping down from the board for all of their work. Key work in socio-legal studies has been possible due to our sound financial position, which has been enabled by various stakeholders (all covered with the trustee's report). JH looked forward to next year's conference at Portsmouth.
