DigiRights Project Final Conference

The Digitalisation of Defence Rights:
Time for New Perspectives... And Directives?

30–31 January 2025

KU Leuven, Belgium

The Conference represents the concluding event of the **DigiRights Project**, an Action Grant funded by the **Justice Programme (JUST) of the European Union**.

The Conference will offer a platform for the partners of the DigiRights Project to present their project findings, as well as provide the opportunity for engagement with other scholars and stakeholders in discussions and exchanges on the **concept and question of “digital defence rights”**. The Conference panels are centred around (supra)national approaches to the digitalisation of defence rights, and perspectives on the safeguarding of defence rights in digital proceedings.

The Conference can be attended **in-person** or followed **online**.
